Meet Jennie & Aaron

We are Jennie and Aaron Berger, the owners of High Vibe Collective, a husband-and-wife team based in Southern California, passionate about transforming spaces. With a keen eye for detail and a love for the unconventional, we infuse every project with vibrant energy that sets us apart.

Our network of skilled contractors and subcontractors allows us to take on projects of any size, from minor updates to ground-up constructions. We understand the power of thoughtful design in transforming spaces and enhancing well-being. We'll collaborate with you to get to know your vision, tailor our approach to your individual style, and bring your space to life with our expertise and attention to detail.

Let's collaborate to create a space that's truly a reflection of you - and filled with high vibes.

What to Expect

CLIENT EXPERIENCE

We prioritize collaboration, focusing on your needs and goals to ensure a smooth, enjoyable process from consultation to completion.

CLEAR COMMUNICATION & TRANSPARENCY

We maintain open communication from start to finish, providing regular updates, clear timelines, and transparent budgets. You'll always know what to expect at each stage—ensuring a smooth, well-executed project with no surprises.

COMPREHENSIVE DESIGN SERVICES

We provide full-service design, from site visits and concept development to final installation. Our team oversees every detail—space planning, material selection, and custom furnishings—so you can relax knowing your project is expertly handled.

TAILORED APPROACH

Every project is unique, and we pride ourselves on adapting our design approach to fit your personal style and the functional needs of the space. Whether it's an intimate room refresh or a full-scale renovation, we carefully curate every element to align with your vision.

Phase 1:

CONCEPT + DESIGN

Site Visit:

An initial walk-through to assess the space, gather inspiration, and understand your vision.

Detailed Measurements:

Precise measurements taken for accurate planning and layout.

Research & Concept Development:

Exploring design options and trends tailored to your style and the space's needs.

Vibe Board:

A curated collection of images that defines the overall mood and aesthetic direction.

Material Mood Board:

Selected materials, textures, and finishes that bring the design to life.

Space Planning:

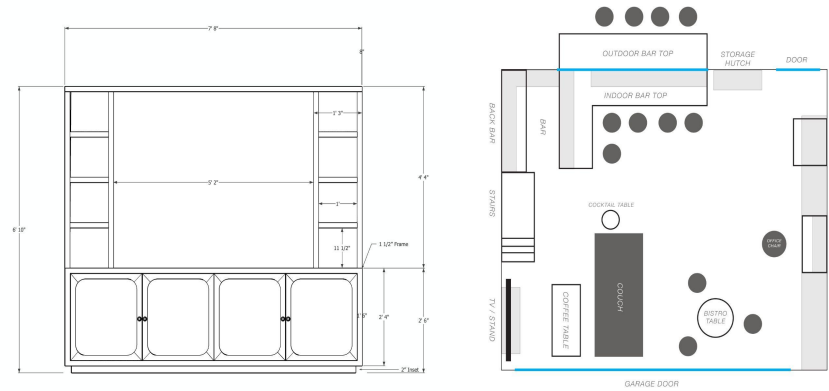

Crafting a 2D layout that maximizes flow, functionality, and visual appeal.

3D Design & Rendering:

Detailed 3D models and high-quality renderings to visualize the final outcome.

Final Design Document:

A comprehensive plan with all design elements and specifications, ready for implementation.

Phase 2:

ESTIMATES, BIDS & PROCUREMENT

Project Plans:

Converting 3D models into detailed, actionable plans that guide construction and installation.

Contractor Vetting:

Selecting and vetting skilled professionals to ensure high-quality execution.

Estimates Gathering:

Compiling and organizing quotes from vendors and contractors for transparency and budgeting.

Purchase Retainer Development:

Creating a detailed budget and payment plan to manage purchases and expenses.

Product Sourcing:

Identifying and selecting furnishings and décor that align with the design vision.

Procurement Management:

Overseeing the ordering process, tracking deliveries, and managing logistics.

Phase 3:

PROJECT OVERSIGHT & EXECUTION

Contractor Oversight:

Monitoring contractors to ensure work is done to the highest quality and completed on schedule.

Scheduling Management:

Coordinating timelines and milestones to keep the project moving efficiently and on time.

Vendor Management:

Coordinating with suppliers to ensure timely deliveries and quality control.

Finance Organization:

Tracking budgets, managing payments, and ensuring all financial aspects are handled smoothly.

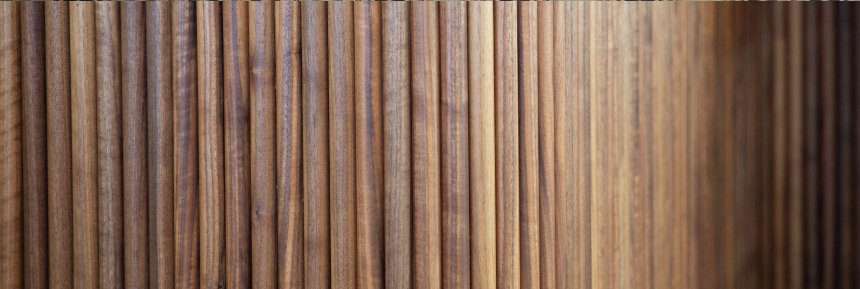

Administrative Communications:

Facilitating clear and consistent communication between all parties to avoid missteps and ensure alignment.

Storage Solutions:

Arranging for secure storage of items until they are ready for installation.

Phase 4:

STYLING & FINISHING TOUCHES

Installation Process:

Supervising the setup and placement of furnishings, fixtures, and décor according to the design plan.

Styling and Decorating:

Adding the finishing design elements, from accessories to artwork, to create a polished, cohesive look.

Finishing Touches:

Ensuring every last detail, from furniture placement to décor styling, is perfect before project completion.
